

## MIKA MBA - MOBILE DEVELOPPER

### EDUCATION

#### 2021 - 2025 | Bachelor's Degree in Computer Engineering - University of Yaoundé I

Currently holding a Computer Engineering degree awarded by the University of Yaoundé I.

### EXPERIENCE

#### 2024 - 2025 DEVELOPPEUR MOBILE SEED SARL

Full Stack Developer – Seed Project: Papers (Mobile Book Sales App)

End-to-end development of the application, covering both mobile and web platforms.

Papers, enabling book sales for African authors. Designed the reader interface using React Native (mobile) and the author dashboard using React.js / Next.js (web). Integrated Orange Money (OM) and Mobile Money (MoMo) payments via the internal aggregator FlashUp. Implemented an author verification system with automatic password delivery via email. Utilized Firebase (Firestore) for real-time database management. Built a user-centric architecture with management of favorites, purchases, downloads, and reading tracking. [Click here to see](#)

#### 2023 - 2024 DEVELOPPEUR WEB HINKAKU

Front-End Developer – Kamer Otaku Festival (KOF) | Official Website Project

Developed the main website for KOF using React.js / Next.js. Integrated contributions from multiple collaborators via GitHub (branch merging, conflict resolution). Implemented key pages, including the home page and the Miss KOF section. Participated in collaborative project management (version control, code reviews, technical coordination).
